Application Benefits for Contractors and Operators

Expanded capacity range

- Up to 28 kW

Low draught levels

- Integrated air baffle plate for low air speed in cooling room
- Low-noise version integrated, with fans as standard (normal speed „S“, quiet speed „L“)
- Extremely quiet version in the speed „S“ with accessory (capacitor)

Space-saving

- Height 303 mm

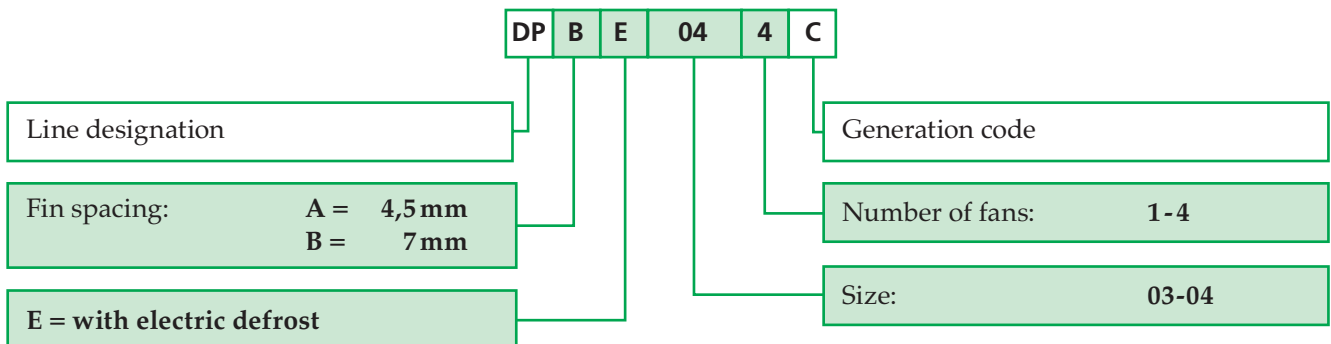

Best air guidance

- Integrated air baffle plate
- Low fan speed (up to 0.8 m/s)
- Directs the air to the ceiling of the room and therefore projects it far into the room
