

Cooling plant with NH3 compressor

Manufacturer : Gram
Model : GSV 185
Year : 1998
Location : Europe

General details: Compressor NH3

Manufacturer : Gram
Model Evaporation/ : GSV 185
Condensation Cooling : -10/+35 C
power : 1.230.000W
Electromotor power Max. : 315 kW
Pressure : 24 bar

Plate heat-exchanger/evaporator

Manufacturer : Alfa Laval
Cooling power : 1.000.000 W
Cooling media : T -1/-5 C

Receiver
Separator
Evaporative condensor
Pumps
Valves

Terms & Conditions

Delivery time: Immediately
Delivery terms: As is, where is
Payment terms: 20% with purchase order
80% before delivery
Way of payment: Wire transfer

Second hand machine with no guarantee
Machine subject to prior sale
