Stock	1

Description

Used Trane CCUA 207

Used Trane CCUA 207 air cooled split chiller. Complete with 1 Trane CRHM300C2JBT & 1 Trane CRHM300G2RB reciprocating compressors, shell and tube evaporator, pressure and safety switches, liquid line filter driers and control boxes.

*All components of this used chiller will be tested on adequate performance, leak free condition (condensing blocks), compressors, fans, control panel, and so forth). Choosing HOSBV means buying with warranty. We perform an industrial cleaning. If requested we can arrange your shipment.
