

# Güntner GFD 080.1D/ 2x3 SLIC

## Specifications

|                                  |                                                             |
|----------------------------------|-------------------------------------------------------------|
| Merk                             | Güntner                                                     |
| Type                             | GFD 080.1D/ 2x3 SLIC                                        |
| Product type                     | Drycooler                                                   |
| Capaciteit kW                    | 220,5                                                       |
| Aantal Ventilatoren              | 6                                                           |
| Toerental Ventilatoren           | 600 RPM                                                     |
| Koudemiddel                      | Glycol                                                      |
| Luchtstroom in m <sup>3</sup> /h | 60 540                                                      |
| Afmetingen                       | 4100x2410x2800 mm<br>(LxWxH)                                |
| Opmerkingen                      | Y.O.B. 2012 // for more information see pdf attached below. |
| Stock                            | 1                                                           |

## Description

### Used Güntner GFD 080.1D/ 2x3 SLIC

Gebruikt Güntner GFD 080.1D / 2x3 SLIC condensor // 6x ventilatoren: Güntner S3G800-CN35-29 (ventilator type: VT03061U) / 200 V / 50Hz / 340 W / 1.5 A / 600 RPM
