

# Thermofin TCH.3-091-24-B-E-D5-BB-2

## Specifications

|                                        |                                                        |
|----------------------------------------|--------------------------------------------------------|
| Marka                                  | Thermofin                                              |
| Typ                                    | TCH.3-091-24-B-E-D5-BB-2                               |
| Typ produktu                           | Air Cooled Condenser                                   |
| Ogólna wydajność w kW                  | 468                                                    |
| Liczba wentylatorów                    | 8                                                      |
| Prdkość obrotów wentylatora (obr/min)  | 580                                                    |
| Czynnik chłodzący                      | Freon                                                  |
| Przepływ powietrza w m <sup>3</sup> /h | 118.135                                                |
| Rozmiary (LxWxH)                       | 8030x2290x1510mm                                       |
| Uwagi                                  | For more information see attached pdf below // Page 11 |
| Stock                                  | 1                                                      |

## Description

### Used Thermofin TCH.3-091-24-B-E-D5-BB-2

Used Thermofin TCH.3-091-24-B-E-D5-BB-2 air-cooled refrigeration Freon Condenser. Sizes: 8030x2290x1510mm Number of fans ( 8x 91mm / 1.55kw 580RPM ) m3/h - 118.135 Horizontal setup \*The capacity is based on the manufacturer specifications. \*For all the other specs (if available), see the picture of the manufacturer model plate or the attached pdf file. \*Why choose for HOSBV? Were not only the largest used refrigeration specialist in Europe, but also we deliver all equipment including a extensive test, warranty and industrial cleaning.
